BASE BID DESCRIPTION:

Base Bid: Work of Contract includes providing the following as indicated in the project bid documents: Convert the 12-inch wide supply channel (pipe and grating) to floor inlets in order to eliminate the supply channel. Work includes removing the supply channel grating, angles, and perforated piping, installing new solid supply piping and inlets, filling the channel with compacted gravel, and constructing a 4-inch thick concrete slab doweled to the existing floor slabs. Alternate A: Additional work includes tile depth markers on the concrete deck.

CBDP concurs with the DBE participation for the above recommended Bid. Please refer to the approved Form DBD-014C attached to the bid recommendation.
